Statement on Institutional Distinctiveness

The college being situated in an area with a large tribal population, it is imperative that the mission and vision of the college is to contribute to the upliftment of the backward communities and to empower them to participate in modern democracy of India. As such, a substantial section of our students come from tribal populations. The college also strives for gender equity through various programmes. The College is dedicated to this mission and vision to make Purulia district at par with other developed areas of the state and country. The tribal belt has historically performed well in sports. The students of our college have brought numerous accolades for the institution in physical sport activities.
